## Clean & Green Village (Theme 5)

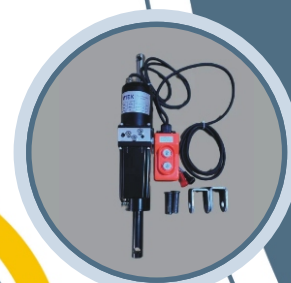

Under this campaign solid waste planning is essential to keep every village green & clean. For that, every Gram Panchayat needs to get a Garbage Vehicle for proper transportation of waste. We bring to you a perfect electric garbage vehicle with best quality steel used. Excellent design! & anti-rust painting. It also has 2 types of models that use lead acid batteries and lithium ion batteries. You can take this according to your needs and budget.
